RESPONSE TO ELECTION/RESTRICTION

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Election/Restriction, Applicant elects the species of Fig. 1 with traverse. Applicant traverses the requirement on the grounds that the species of Figs. 1-3 have a common feature that in use the bypass section is located outside the body of a patient. Thus, it would not be an undue burden to search all three species. After a generic claim is allowed applicant requests examination of a reasonable number of non-elected species.

Claims 1 to 3, 24, 25 and 43 read on the species according to Fig. 1.

Respectfully submitted,
